Conference Information

Infocentrik and EzeScan are pleased to invite you to **InforM 2026**, the only TRIM/RM/CM conference in New Zealand. This unique event is aimed at everyone with an interest in Information Management. This is the annual conference where you can get together, learn about Content Manager and other related solutions for Information Management, as well as sharing experiences with each other and networking. We are inviting all customers as well as prospects to this event. With an attendance fee of only **\$250** excl. of GST per delegate for two fantastic days it will be hard to find an excuse not to be there. **InforM 2026** will be held on the **25th and 26th of March 2026** at the **Mövenpick Hotel Wellington**.

This is a fantastic opportunity to learn about Information Management, possibilities with Content Manager, Email Management, AI in Recordkeeping and other topics that you might have thought of but never saw or never thought of to date. We aim to put an agenda together with a good mix of presentations and use cases. We have a large room available that can host up to 50 or 60 people and a room for the sponsors and catering (perhaps even a breakout room for 1 on 1 meetings or separate presentations for specific audiences or parallel sessions).

The agenda is included in this information pack, if there are any topics that you would like to see please let us know and we will try to accommodate them.

We look forward to seeing you there.
